

Math 141 Calculus I Spring 2007

Instructor: Dr. Shijun Zheng

Office: LeConte 426 and Sumwalt 206J

Office Hours: WF 2:00–3:30pm or by appointment

Phone: 576-6350, 576-5985 Email: shijun@math.sc.edu

Lectures: MWF 10:10am–11:00am, PSC 006

Teaching Assistant: Theresa Sparacio

Course website: <http://www.math.sc.edu/~shijun/teach2/141.html>

Textbook: Anton, Bivens, and Davis *Calculus* 8th ed.

Grades: The weighting in your course score points (600 total) will be
200 Final Exam
100 each Two midterm exams
100 Quizzes
100 Maple projects

Course Grades Your grade will be based on a point total. A: 90% or above. B: 80-89%. C: 70-79%. D: 60-69%. F: 59% or below.

Make-ups Makeups for exams will be given only in extreme circumstances in accordance with official University policy. Except for unforeseeable events, requests for a makeup must be made before the exam is given. There will be no make-ups for quizzes but you can drop two lowest quizzes.

Philosophy Real learning requires your active involvement. Practice on the **homework** problems is strongly recommended. The result in a test usually reflects how much effort you have put into the **homework** assignment as well as class learning, and how well you have prepared for it. The midterm exams will not be surprises, they will be related to the homework, quizzes and examples discussed in class.

Attendance policy: I expect you to attend all classes. By university policy, missing more than 10% of the scheduled class sessions, *whether excused or unexcused*, will result in a grade penalty. If you plan to leave before class is over, the correct procedure is to mention this to me before I start class.

Math Tutoring HOURS: 10:00 am - 4:00 pm, Monday-Thursday (LC 105) and 6:00 pm - 8:00 pm, Monday-Thursday (Bates House, Columbia Hall, Sims). (Please also check the schedule posted outside LC 105 or visit <http://www.math.sc.edu/mathlab.html>)
